

How to Display a Tree of Knowledge

In December 2007, The Freethought Society of Greater Philadelphia (FSGP) participated in a Winter Display Exhibit at the Chester County Courthouse Free Speech Zone. The Tree of Knowledge display is recommended to all nontheist groups in order to dispel the myth that the United States of America is a Judeo-Christian nation.

The Tree of Knowledge is an effective way to convey a positive educational image. FSGP is happy to provide information to anyone who is inspired to erect a similar display. Please use the form below to order a helpful "How To" booklet.
